2023 Season of Giving Sponsorship Guide

In a world where hope can sometimes feel scarce, we are on a mission to change that narrative. Welcome to With Love's most impactful fundraising season yet. With each passing day, we are witnessing the warm embrace of our community to support the most vulnerable among us – children in foster care. This year, With Love is serving a record number of these resilient young souls, bringing them essential support, speaking dignity, hope, and community into their very lives. As we embark on this journey, we invite you to become a part of something extraordinary.

This guide is not just an invitation to sponsor; it's an opportunity to become a beacon of hope for these children and their foster families. A chance to be an impactful part of their stories and a moment to make a lasting difference in their lives. Join us as we unlock a brighter future for children, one sponsorship at a time.

"I don't know how else to say thank you. I've fostered 13 children potentially adopting 2 and couldn't do it without! I'm sitting here with an emergency placement of a 2 year old and just amazed at what I have that With Love has supported making this possible! I said "yes" to this sweet baby without a worry and 90% of the stuff I have is from With Love. This girl would have been in a hotel, and instead she's warm, safe and comfy in a crib with clean sheets, bedding and a new favorite stuffy. All compliments to your amazing support. There are no words, but pure appreciation of With Love."

Your financial contributions will directly support With Love's ability to purchase essential inventory items when we are low in stock and support the elevation of our foster family experience. We invite you to consider a Corporate Sponsorship level for With Love's Annual Season of Giving.

Help us reach our year-end goal of \$55,000 in Corporate Sponsorships by December 31st, 2023.

Season of Giving Family Event Sponsorship Opportunities

For children in foster care, and resource parents, the holidays can be stressful. Some parents receive a child right before the holidays, while others balance the loss a child is experiencing being away from biological parents. It can be stressful as families navigate the grief that is often heightened during holidays. With Love wants to walk alongside resource parents and make the holidays a bit brighter and lighter. Through generous community donations, With Love will give resource parents the opportunity to shop for a big toy and fill a stocking for each young child in their home at this year's Family Event.
